INSTRUCTIONS

1. Individual sureties on bonds executed in connection with Government contracts must complete and submit this form with the bond. (See 48 CFR 28.203, 53.228(e).) The surety must have the completed form notarized.
2. No corporation, partnership, or other unincorporated association or firm, as such, is acceptable as an individual surety. However, stockholders of corporate principals are acceptable provided (a) their qualifications are independent of their stockholdings or financial interest therein, and (b) that the fact is expressed in the affidavit of justification. An individual surety will not include any financial interest in assets connected with the principal on the bond that this affidavit supports.
3. United States citizenship is a requirement for individual sureties for contracts and bonds when the contract is awarded in the United States. However, when the Contracting Officer is located in an outlying area or a foreign country, the individual surety is only required to be a permanent resident of the area or country in which the contracting officer is located.
4. All signatures of the affidavit submitted must be originals. Affidavits bearing reproduced signatures are not acceptable. An authorized person must sign the bond. Any person signing in a representative capacity (e.g., an attorney-in-fact) must furnish evidence of authority if that representative is not a member of a firm, partnership, or joint venture, or an officer of the corporation involved.

ARCHITECT-ENGINEER QUALIFICATIONS		OMB No.: 9000-0157 Expires: 12/31/2003
<p>Public reporting burden for this collection of information is estimated to average a total of 29 hours per response (25 hours for Part 1 and 4 hours for Part 2), including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the FAR Secretariat (MVA), Regulatory and Federal Assistance Publications Division, GSA, Washington, DC 20405.</p>		
PURPOSE		
<p>Federal agencies use this form to obtain information from architect-engineer (A-E) firms about their professional qualifications. Federal agencies select firms for A-E contracts on the basis of professional qualifications as required by the Brooks A-E Act (40 U.S.C. 1101 - 1104) and Part 36 of the Federal Acquisition Regulation (FAR).</p> <p>The Brooks A-E Act requires the public announcement of requirements for A-E services (with some exceptions provided by other statutes), and the selection of at least three of the most highly qualified firms based on demonstrated competence and professional qualifications according to specific criteria published in the announcement. The Act then requires the negotiation of a contract at a fair and reasonable price starting first with the most highly qualified firm.</p> <p>The information used to evaluate firms is from this form and other sources, including performance evaluations, any additional data requested by the agency, and interviews with the most highly qualified firms and their references.</p>		
GENERAL INSTRUCTIONS		
<p>Part I presents the qualifications for a specific contract.</p> <p>Part II presents the general qualifications of a firm or a specific branch office of a firm. Part II has two uses:</p> <ol style="list-style-type: none">1. An A-E firm may submit Part II to the appropriate central, regional or local office of each Federal agency to be kept on file. A public announcement is not required for certain contracts, and agencies may use Part II as a basis for selecting at least three of the most highly qualified firms for discussions prior to requesting submission of Part I. Firms are encouraged to update Part II on file with agency offices, as appropriate, according to FAR Part 36. If a firm has branch offices, submit a separate Part II for each branch office seeking work.2. Prepare a separate Part II for each firm that will be part of the team proposed for a specific contract and submitted with Part I. If a firm has branch offices, submit a separate Part II for each branch office that has a key role on the team.		
INDIVIDUAL AGENCY INSTRUCTIONS		
<p>Individual agencies may supplement these instructions. For example, they may limit the number of projects or number of</p>		
<p>pages submitted in Part I in response to a public announcement for a particular project. Carefully comply with any agency instructions when preparing and submitting this form. Be as concise as possible and provide only the information requested by the agency.</p>		
DEFINITIONS		
<p>Architect-Engineer Services: Defined in FAR 2.101.</p> <p>Branch Office: A geographically distinct place of business or subsidiary office of a firm that has a key role on the team.</p> <p>Discipline: Primary technical capabilities of key personnel, as evidenced by academic degree, professional registration, certification, and/or extensive experience.</p> <p>Firm: Defined in FAR 36.102.</p> <p>Key Personnel: Individuals who will have major contract responsibilities and/or provide unusual or unique expertise.</p>

After the listed experience categories, write in any unlisted relevant project experience categories and leave the profile codes blank. For each type of experience, enter the appropriate revenue index number to reflect the professional services revenues received annually (averaged over the last 5 years) by the firm or branch office for performing that type of work. A particular project may be identified with one experience category or it may be broken into components, as best reflects the capabilities and types of work performed by the firm. However, do not double count the revenues received on a particular project.

11. Annual Average Professional Services Revenues of Firm for Last 3 Years. Complete this block for the firm or branch office for which this Part II is prepared. Enter the appropriate revenue index numbers to reflect the professional services revenues received annually (averaged over the last 3 years) by the firm or branch office. Indicate Federal work (performed directly for the Federal Government, either as the prime contractor or subcontractor), non-Federal work (all other domestic and foreign work, including Federally-assisted projects), and the total. If the firm has been in existence for less than 3 years, see the definition for "Annual Receipts" under FAR 19.101.

12. Authorized Representative. An authorized representative of the firm or branch office must sign and date the completed form. Signing attests that the information provided is current and factual. Provide the name and title of the authorized representative who signed the form.

CERTIFICATE

This is to certify that the undersigned, individually, and as an authorized representative of the Contractor, has examined this termination settlement proposal and that, to the best knowledge and belief of the undersigned:

(a) AS TO THE CONTRACTOR'S OWN CHARGES. The proposed settlement (exclusive of charges set forth in Item 14) and supporting schedules and explanations have been prepared from the books of account and records of the Contractor in accordance with recognized commercial accounting practices; they include only those charges allocable to the terminated portion of this contract; they have been prepared with knowledge that they will, or may, be used directly or indirectly as the basis of settlement of a termination settlement proposal or claim against an agency of the United States; and the charges as stated are fair and reasonable.

(b) AS TO THE SUBCONTRACTORS' CHARGES. (1) The Contractor has examined, or caused to be examined, to an extent it considered adequate in the circumstances, the termination settlement proposals of its immediate subcontractors (exclusive of proposals filed against these immediate subcontractors by their subcontractors); (2) The settlements on account of immediate subcontractors own charges are fair and reasonable, the charges are allocable to the terminated portion of this contract, and the settlements were negotiated in good faith and are not more favorable to its immediate subcontractors than those that the Contractor would make if reimbursement by the Government were not involved; (3) The Contractor has received from all its immediate subcontractors appropriate certificates with respect to their termination settlement proposals, which certificates are substantially in the form of this certificate; and (4) The Contractor has no information leading it to doubt (i) the reasonableness of the settlements with more remote subcontractors or (ii) that the charges for them are allocable to this contract. Upon receipt by the Contractor of amounts covering settlements with its immediate subcontractors, the Contractor will pay or credit them promptly with the amounts so received, to the extent that it has not previously done so. The term "subcontractors," as used above, includes suppliers.

NOTE: The Contractor shall, under conditions stated in FAR 15.403, be required to submit a Certificate of Current Cost or Pricing Data (see FAR 15.406-2 and 15.408 Table 15-2).

This is to certify that the undersigned, individually, and as an authorized representative of the Contractor, has examined this termination settlement proposal and that, to the best knowledge and belief of the undersigned:

(a) AS TO THE CONTRACTOR'S OWN CHARGES. The proposed settlement (exclusive of charges set forth in Item 14) and supporting schedules and explanations have been prepared from the books of account and records of the Contractor in accordance with recognized commercial accounting practices; they include only those charges allocable to the terminated portion of this contract; they have been prepared with knowledge that they will, or may, be used directly or indirectly as the basis of settlement of a termination settlement proposal or claim against an agency of the United States; and the charges as stated are fair and reasonable.

(b) AS TO THE SUBCONTRACTORS' CHARGES. (1) The Contractor has examined, or caused to be examined, to an extent it considered adequate in the circumstances, the termination settlement proposals of its immediate subcontractors (exclusive of proposals filed against these immediate subcontractors by their subcontractors); (2) The settlements on account of immediate subcontractors own charges are fair and reasonable, the charges are allocable to the terminated portion of this contract, and the settlements were negotiated in good faith and are not more favorable to its immediate subcontractors than those that the Contractor would make if reimbursement by the Government were not involved; (3) The Contractor has received from all its immediate subcontractors appropriate certificates with respect to their termination settlement proposals, which certificates are substantially in the form of this certificate; and (4) The Contractor has no information leading it to doubt (i) the reasonableness of the settlements with more remote subcontractors or (ii) that the charges for them are allocable to this contract. Upon receipt by the Contractor of amounts covering settlements with its immediate subcontractors, the Contractor will pay or credit them promptly with the amounts so received, to the extent that it has not previously done so. The term "subcontractors," as used above, includes suppliers.

NOTE: The Contractor shall, under conditions stated in FAR 15.403, be required to submit a Certificate of Current Cost or Pricing Data (see FAR 15.406-2 and 15.408 Table 15-2).

INSTRUCTIONS

1. This settlement proposal should be submitted to the contracting officer, if you are a prime contractor, or to your customer, if you are a subcontractor. The term contract as used hereinafter includes a subcontract or a purchase order.

2. Proposals that would normally be included in a single settlement proposal, such as those based on a series of separate orders for the same item under one contract should be consolidated wherever possible, and must not be divided in such a way as to bring them below \$10,000.

3. You should review any aspects of your contract relating to termination and consult your customer or contracting officer for further information. Government regulations pertaining to the basis for determining a fair and reasonable termination settlement are contained in Part 49 of the Federal Acquisition Regulation. Your proposal for fair compensation should be prepared on the basis of the costs shown by your accounting records. Where your costs are not so shown, you may use any reasonable basis for estimating your costs which will provide for fair compensation for the preparations made and work done for the terminated portion of the contract, including a reasonable profit on such preparation and work.

4. Generally your settlement proposal may include under Items 2, 3, and 4, the following:

a. COSTS - Costs incurred which are rea-

sonably necessary and are properly allocable to the terminated portion of your contract under recognized commercial accounting practices, including direct and indirect manufacturing, selling and distribution, administrative, and other costs and expenses incurred.

b. SETTLEMENT WITH SUBCONTRACTORS - Reasonable settlements of proposals of subcontractors allocable to the terminated portion of the subcontract. Copies of such settlements will be attached hereto.

c. SETTLEMENT EXPENSES - Reasonable costs of protecting and preserving termination inventory in your possession and preparing your proposal.

d. PROFIT - A reasonable profit with respect to the preparations you have made and work you have actually done for the terminated portion of your contract. No profit should be included for work which has not been done, nor shall profit be included for settlement expenses, or for settlement with subcontractors.

5. If you use this form, your total charges being proposed (line 5), must be less than \$10,000. The Government has the right to examine your books and records relative to this proposal, and if you are a subcontractor, your customer must be satisfied with your proposal.

INSTRUCTIONS

GENERAL - All dollar amounts must be shown in whole dollars, rounded using a consistent methodology (e.g., always round up, always round down, always round to the nearest dollar). All line item numbers not included in the instructions below are self-explanatory.

SECTION I - IDENTIFICATION INFORMATION. Complete items 1 through 8b in accordance with the following instructions.

Item 1. **TO** - Enter the name and address of the cognizant Contract Administration Office (the office administering the contract).

PAYING OFFICE - Enter the designation of the paying office, as indicated on the contract.

Item 2. **FROM - CONTRACTOR'S NAME AND ADDRESS/ZIP CODE** - Enter the name and mailing address of the contractor. If applicable, the division of the company performing the contract should be entered immediately following the contractor's name.

Item 3. Enter an "X" in the appropriate block to indicate whether or not the contractor is a small business concern.

Item 4. Enter the contract number, including the task or delivery order number if applicable. Progress payment requests under individual orders shall be submitted as if the order constituted a separate contract, unless otherwise specified in this contract (FAR 52.232-16(m)).

Item 5. Enter the total contract price in accordance with the following (See FAR 32.501-3):

(1) Under firm-fixed-price contracts, the contract price is the current amount fixed by the contract plus the not-to-exceed amount for any unpriced modifications.

(2) If the contract is redeterminable or subject to economic price adjustment, the contract price is the initial price until modified.

(3) Under a fixed-price incentive contract, the contract price is the target price plus the not-to-exceed amount for any unpriced modifications.

However, if the contractor's properly incurred costs exceed the target price, the contracting officer may provisionally increase the price up to the ceiling or maximum price.

(4) Under a letter contract, the contract price is the maximum amount obligated by the contract as modified.

(5) Under an unpriced order issued against a basic ordering agreement, the contract price is the maximum amount obligated by the order, as modified.

(6) Any portion of the contract specifically providing for reimbursement of costs only shall be excluded from the contract price.

Item 6A. **PROGRESS PAYMENT RATES** - Enter the 2-digit progress payment percentage rate shown in paragraph (a) (1) of the progress payment clause.

Item 6B. **LIQUIDATED RATE** - Enter the current progress payment liquidation rate prescribed in the contract (FAR 52.232-16(b)) using three digits - Example. show 80% as 800 - show 72.3% as 723. Decimals between tenths must be rounded up to the next highest tenth (not necessarily the nearest tenth), since rounding down would produce a rate below the minimum rate calculated (FAR 32.503-10(b) (4)).

Item 7. **DATE OF INITIAL AWARD** - Enter the four digit calendar year. Use two digits to indicate the month. Example: Show January 2005 as 2005/01.

Item 8A. **PROGRESS PAYMENT REQUEST NUMBER** - Enter the number assigned to this request. All requests under a single contract must be numbered consecutively, beginning with 1. Each subsequent request under the same contract must continue in sequence, using the same series of numbers without omission.

Item 8B. Enter the date of the request.

SECTION II - STATEMENT OF COSTS UNDER THIS CONTRACT.

Date. In the space provided in the heading enter the date through which costs have been accumulated from inception for inclusion in this request. This date is applicable to item entries in Sections II and III.

Cost Basis. In accordance with FAR 52.232-16 (a) (1), the basis for progress payments is the contractor's total costs incurred under this contract, whether or not actually paid, plus financing payments to subcontractors (computed in accordance with FAR 52.232-16(j)), less the sum of all previous progress payments made by the Government under this contract.

Item 11. Costs eligible for progress payments under the progress payments clause. Compute the eligible costs in accordance with the requirements at FAR 52.232-16(a)(1) through (4). First articles: Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the contractor. Before the first article approval, the costs thereof shall not be allowable for purposes of progress payments. (See FAR 52.209-3(g) and FAR 52.209-4(h)).

Item 12a. Enter the total contract costs incurred to date, if the actual amount is not known, enter the best possible estimate. If an estimate is used, enter (E) after the amount.

Item 12b. Enter the estimated cost to complete the contract. The contractor shall furnish estimates to complete that have been developed or updated within six months of the date of the progress payment request. The estimates to complete shall represent the contractor's best estimate of total costs to complete all remaining contract work required under the contract. The estimates shall include sufficient detail to permit Government verification.

Items 14a through 14e. Include only financing payments (progress payments, performance-based payments, and commercial item financing) on subcontracts which are in accordance with the requirements of FAR 52.232-16(j). Do not include interim payments under a cost reimbursement contract.

Item 14a. Enter only financing payments actually paid.

Item 14b. Enter total financing payments recouped from subcontractors.

Item 14d. Include the amount of unpaid subcontract progress payment billings which have been approved by the contractor for the current payment in the ordinary course of business.

SECTION III - ADVANCE PAYMENTS/ACCEPTED ITEMS. This Section must be completed only if the contractor has received advance payments against this contract, or if the items have been delivered, invoiced and accepted as of the date indicated in the heading of Section II above.

EXCEPTION: Item 27 must be completed for all progress payment requests where the line 12c amount exceeds the amount on Line 5.

Item 20a. Of the costs reported in Item 11, compute and enter only costs which are properly allocable to items delivered, invoiced and accepted to the applicable date. In order of preference, these costs are to be computed on the basis of one of the following: (a) The actual unit cost of items delivered, giving proper consideration to the deferment of the starting load costs or (b) projected unit costs (based on experienced costs plus the estimated cost to complete the contract), where the contractor maintains cost data which will clearly establish the reliability of such estimates.

Item 23. Enter total progress payments liquidated (monies recouped from the contractor on prior billings) and those to be liquidated from billings submitted but not yet paid (monies to be recouped from the contractor on submitted but unpaid billings).

CERTIFICATION

Paragraph (f). If no financial information has been provided previously in connection with this contract, insert "N/A" in the submission date block and the financial information date block. Otherwise, insert respectively, the "as of" date of the financial information submitted last and the date of the last submission.

53.303-DD-441 Department of Defense DD Form 441, Security Agreement.

<small>DEPARTMENT OF DEFENSE</small> SECURITY AGREEMENT	
<p>THIS AGREEMENT, entered into this _____ day of _____ 19____</p> <p>by and between THE UNITED STATES OF AMERICA through the Defense Contract Administration Services, Defense Supply Agency acting for the Department of Defense (<i>hereinafter called the Government</i>) and (i)</p> <p>a corporation organized and existing under the laws of the State of _____</p> <p>(ii) a partnership consisting of _____</p> <p>(iii) an individual trading as _____</p> <p>with its principal office and place of business at _____ in the city of _____</p> <p style="text-align: center;">State of _____ (<i>hereinafter called the Contractor</i>).</p> <p>WITNESSETH THAT:</p>	<p>WHEREAS, the Government, through the Department of the Army, the Department of the Navy, and/or the Department of the Air Force, has in the past purchased or may in the future purchase from the Contractor supplies or services which are required and necessary to the national defense of the United States; or may invite bids or request quotations on proposed contracts for the purchase of supplies or services which are required and necessary to the national defense of the United States; and</p> <p>WHEREAS, it is essential that certain security measures be taken by the Contractor prior to and after his being accorded access to classified information; and</p> <p>WHEREAS, the parties desire to define and set forth the precautions and specific safeguards to be taken by the Contractor and the Government in order to preserve and maintain the security of the United States through the prevention of improper disclosure of classified information derived from matters affecting the national defense; sabotage; or any other act detrimental to the security of the United States.</p> <p>NOW, THEREFORE, in consideration of the foregoing and of the mutual promises herein contained, the parties hereto agree as follows:</p> <p>Section I—SECURITY CONTROLS</p> <p>(A) The Contractor agrees to provide and maintain a system of security controls within its or his own organization in accordance with the requirements of the Department of Defense Industrial Security Manual for Safeguarding Classified Information attached hereto and made a part of this agreement, subject, however, (i) to any revisions of the Manual required by the demands of national security as determined by the Government, notice of which has been furnished to the Contractor, and (ii) to mutual agreements entered into by the parties in order to adapt the Manual to the Contractor's business and necessary procedures thereunder. In order to place in effect such security controls, the Contractor further agrees to prepare <i>Standard Practice Procedures</i> for its or his own use, such procedures to be consistent with the Department of Defense Industrial Security Manual for Safeguarding Classified Information. In the event of any inconsistency between the Contractor's <i>Standard Practice Procedures</i> and the Department of Defense Industrial Security Manual for Safeguarding Classified Information as the same may be revised, the Manual shall control.</p> <p>(B) The Government agrees that it shall indicate when necessary by security classification (<i>Top Secret, Secret, or Confidential</i>), the degree of importance to the national defense of information pertaining to supplies, services, and other matters to be furnished by the Contractor to the Government or the Government to the Contractor, and the Government shall give written notice of such security classification to the Contractor and of any subsequent changes thereof; provided, however, that matters requiring security classification will be assigned the least restrictive security classification consistent with proper safeguarding of the matter concerned, since overclassification causes unnecessary operational delays and depreciates the importance of correctly classified matter. Further, the Government agrees that when Atomic Energy information is involved it will when necessary indicate by a marking additional to the classification marking that the information is "Restricted Data—Atomic Energy Act, 1946." The Contractor is authorized to rely on any letter or other written instrument signed by the contracting officer changing the classification of matter. The Government also agrees upon written application of the Contractor to designate employees of the Contractor who may have access to information classified Top Secret or Secret or to information classified Confidential when "Restricted Data" is involved, or to matter involving research, development, or production of cryptographic equipment, regardless of its military classification; and alien employees to have access to any classified matter.</p> <p>(C) The Contractor agrees that it or he shall determine that any subcontractor, subbidder, individual, or organization proposed by it or him for the furnishing of supplies or services which will involve access to classified information in its or his custody has executed a Department of Defense Security Agreement which is still in effect, with any Military Department, prior to being accorded access to such classified information.</p> <p>Section II—INSPECTION</p> <p>Designated representatives of the Government responsible for inspection pertaining to industrial plant security shall have the right to inspect at reasonable intervals the procedures, methods, and facilities utilized by the Contractor in complying with the requirements of the terms and conditions of the Department of Defense Industrial Security Manual for Safeguarding Classified Information. Should the Government, through its authorized representative, determine that the Contractor's security methods, procedures, or facilities do not comply with such requirements, it shall submit a written report to the Contractor advising him of the deficiencies.</p>

Section IV—TERMINATION

This agreement shall remain in effect until terminated through the giving of 30 days' written notice to the other party of intention to terminate; provided, however, notwithstanding any such termination, the terms and conditions of this agreement shall continue in effect so long as the Contractor has classified information in his possession or under his control.

Section V—PRIOR SECURITY AGREEMENTS

As of the date hereof, this security agreement replaces and succeeds any and all prior security or secrecy agreements, understand-

ings, and representations with respect to the subject matter included herein, entered into between the Contractor and the Department of the Army, the Department of the Navy, and/or the Department of the Air Force: *Provided*, That the term "security or secrecy agreements, understandings, and representations" shall not include agreements, understandings, and representations contained in contracts for the furnishing of supplies or services to the Government heretofore entered into between the Contractor and the Department of the Army, the Department of the Navy, and/or the Department of the Air Force.

Section VI—SECURITY COSTS

This agreement does not obligate Government funds, and the Government shall not be liable for any costs or claims of the Contractor arising out of this agreement or instructions issued hereunder.
